

WEEE Compliance Statement

The following information is only for EU-member states and the UK:

The mark shown to the right (known as the crossed out wheeled-bin symbol) indicates the requirement NOT to dispose of the equipment as unsorted municipal waste, but use the return and collection systems according to local law. These requirements are based on the Waste Electrical and Electronic Equipment Directive 2012/19/EU (WEEE 2) amending Directive 2002/96/EC.

Hope Industrial Systems is committed to meeting the requirements of the European Union WEEE (Waste Electrical and Electronic Equipment) Regulations of 2014. These Regulations require producers of electrical and electronic equipment to finance the takeback of WEEE resulting from products that we place on the market. This helps us to ensure that WEEE is reused or recycled safely. In line with that commitment, Hope Industrial Systems will take back WEEE from you, free of charge, when the product was purchased directly from us. Please contact us (technical support) for details.

- Unique Identifier Number (France): FR041915_050NLX
- WEEE Registration Number (Germany): DE 78623714
- WEEE Registration Number (Ireland): IE03575W
- WEEE Registration Number (Italy): IT21120000013548
- WEEE Registration Number (Spain): 7947
- WEEE Registration Number (UK): WEE/DJ1859ZX
